Hey Waterloo,

Welcome to the Waterloo Undergraduate Student Association (WUSA) Annual Plan for 2021-2022. This document has been prepared by your WUSA Executive Team and approved by the Governance Committee to outline our goals for the year, with an eye to the strategic objectives as set out in WUSA’s Long Range Plan, 2020-2025 (LRP).

The plan is organized into six thematic areas: Equitable Access, Effective External Advocacy, Supporting Student Communities, Affordable, Accountable & High-Quality Education, Responsible Corporate Governance, and Student Safety & Wellness. We have drawn from the LRP to create value statements under each thematic area, and our priorities are organized by relation to these values.

Our goals are either self-contained projects with specific deliverables, continual progress on multi-year projects, or advocacy goals which we will bring to stakeholders’ attention throughout the year. Tasks with high priority have been indicated by *, and each priority has been assigned an executive lead.

We hope that this plan will prove useful in holding the executive accountable to the Board of Directors, the Students’ Council, and the membership at-large as we work through our term in office. Please do not hesitate to contact us at exec@wusa.ca with any questions.

On behalf of the executive team,

Benjamin Easton
President
Waterloo Undergraduate Student Association
