2. ELIGIBILITY

The Contest is open to all current University of Waterloo undergraduates.

3. PROCEDURE FOR AWARDING PRIZE

On Monday, March 6th, a random draw will be conducted by Flock Stop from among all eligible entries submitted through the Microsoft Form.

An entry is deemed eligible if all the information is provided and all the responses are correct. The entrant must score eight (8) points in total.

On the week of March 6th, the winner will be notified that their name was selected through the direct messaging functionality on Instagram (if an Instagram handle was provided) or through the UWaterloo email. A WUSA/Flock Stop staff member will ask for your name, program, year of study, UWaterloo email address, and to correctly answer the mandatory mathematical skill-testing question.

Once the questions are answered and the entrant is confirmed to be a current undergraduate student, they/she/he shall be declared the winner, subject to meeting all the conditions described in these rules.

If the winner cannot be reached within two (2) days following the first attempt of contact, incorrectly answers the mathematical skill-testing question, or declines the prize, the prize shall be forfeited and Flock Stop has the right, at its sole discretion, to select another winner by following the procedure outlined above.

4. DESCRIPTION OF PRIZE(S)

The prize winner will be awarded one (1) \$100 pre-paid Mastercard Gift card.
